Pursuant to your visit with the JSU Faculty Senate yesterday, I've prepared the attached spreadsheet that depicts the General Fund appropriations for Higher Education for Fiscal Years 1994-2001. Based on this analysis, IHL has experienced a 101% growth in appropriations, community and junior colleges have experienced a 116% growth, and Higher Education as a whole has experienced a 104% growth in appropriations since FY 1994.

Please advise if you would like additional information regarding this matter.
